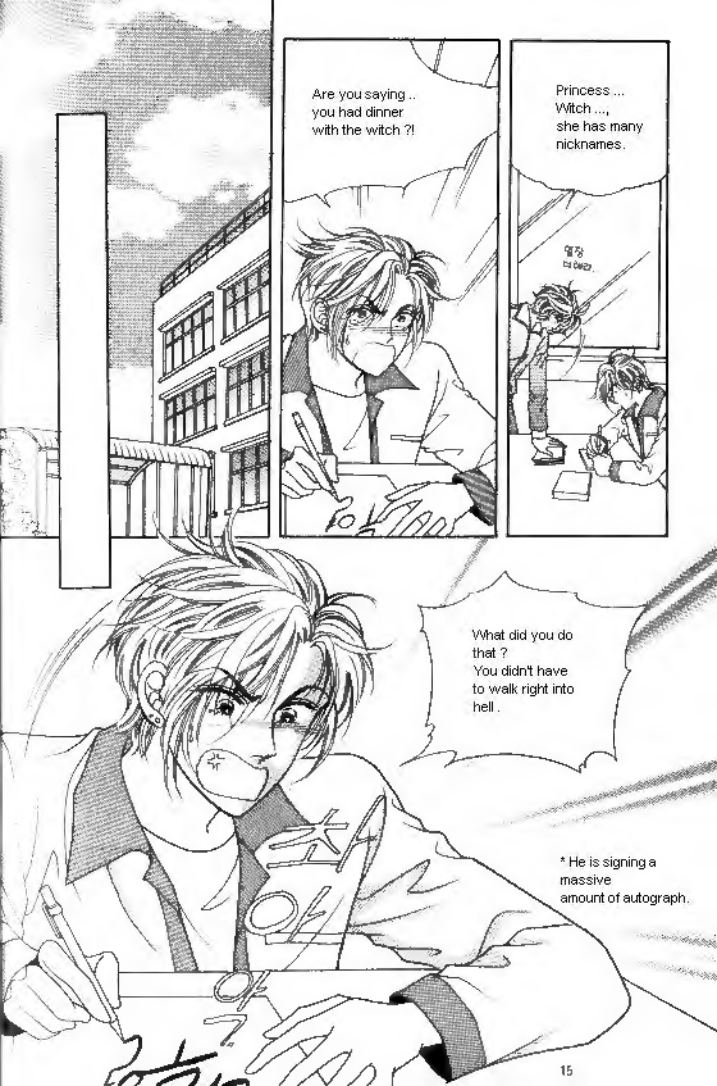
Are you done with your morning exercise ?
Looks like you are still doing your morning exercise sincerely.
Would you like morning coffee or fresh water?

Fresh water is fine.
Thanks.
What is she up to now ... ? What an annoying princess....
Are you confused now ? I hope you have a hard time figuring out my true intention.
Is she ... trying to make me confused?
Has he figured out ? I can't tell from his face anymore.

I am sorry about yesterday. I think I got carried away last night.
I slapped you even when I knew you were a lady.
I did it in order to save Ha Ji's feelings. You were a victum, sorry.
Of course, I knew you did not mean what you said.
No way would you see me like that ever.
You being native and childish and all... That's all bogus, and I apologize calling you like that.
You've known me for 6 years !

Of course ..., I am glad you did not misunderstand.
Of course -
Looks like he's alerted. Stay that way -
Well, well, looks like she hasn't given up.
What a fox !
I will break your poker face first !
Janimes
www.janimes.com



Are you saying .. you had dinner with the witch ?!
Princess ... Witch ..., she has many nicknames.
What did you do that ? You didn't have to walk right into hell .
* He is signing a massive amount of autograph.

...nothing happned yesterday ? It cannot be ...
Well, even if Sin Uoo had no intention, the witch would have never been there without an objective.
Maybe, she was being a good girl in front of him. She hides her true face to people she cannot defeat right away.
Heh ..., that means Sin Uoo was right ! I see. So, she acts good in front of him ..
I am willing to walk into hell for dinner like that.
Well, I have to egree. Sin Uoo's punch is even hard for me to handle. That weakling would never mange to handle him.
.....

... you are joking, right ?
Joking what?
50 autograph done ! I am sorry to have made you do this .., but the director has ceased my right to approach refrigerator ...unless I get these for her.
It's all right. I know how important it is for you.
You were pretty cool person .... I guess environment make people change.
What do you mean ? Have we met before ?
Well, it's not surprising that you can't remember.

Hmm being
treated like a fool
by a dumbass
this doesn't feel right
sigh
But you didn't kick
his butt
That means you
sort of agreed
with him
But
could not
remember
at all
When did meet
him anyway

Remmeber harder
Maybe you saved
him when he was
being bullied or
something
No
I do not remember
saving someone
like him
Maybe
like Han Seo told
me only remember
his face without
makeup
His face doesn't differ
much even without
the makeup
Everyone mistook
him as a girl when he
was a child
Even I had thought
him as a girl for a while
Yeah
How come
you remember
and I don't
It's only
obvious
Yeah
Why is that

Oh my - you two are together today as well
take that you have no training at all Seeing you are leaving school early
do have But am skipping

How straight forward you are
will make sure that your training will get harder
The swollen cheek hasn't completely come down yet Sin Woo must have been easy on you If it was my fist your cheek would look like a steamed bun now
Thankk you for your concern But the misunderstanding has been resolved after conversation with Sin Woo oppa
Calm down
Misunderstanding about what
Ah accusing me of breaking a cup pushing a dish and hit you

Looks like you are still misunderstanding me
Misunderstanindg That s not misunderstanindg
It was a misunderstanding
Oh yeah - misunderstanding that s right -

Look at those two
They are fooling me
together
How dare they
Fine
Enjoy your
time while it
lasts
I will break you
apart I swear
Did you come
here again on
behalf of your
grandfather
I see that you've
forgotten
We have the
Mensa meeting
today
Ah
It was today
Mensa
isn't it a meeting
for people whose
IQ is within top 2%
in the country

www.janimes.com

She knows something
Their expression it's pissing me off
But Shin too goes to the meeting Does he belong to the club
Didn't you know His brain is acknowledged He just wants to live normally in order to escape from media spotlight
In another word there is a huge gap between his IQ and yours Why don't you realize how you are

Maybe I should take an IQ test and join the club So that I can play with him in the club
You can't realize what you are at all !!
think you should give up on that
Good going Park Sin Joo Even if it is being honest being treated like a fool by boyfriend would do no good in any relationship
They tend to have a long discussion or debate You usually get to sit on a chair for 5 to 6 hours
That's too much for me !

Well guess
have to give up
Sun too
you go without
me
You cannot
enter with that
brain of yours
anyway
Sorry
We will go
to the
aquarium at
another day
Yeah
fine with
me
Yes
oppa
Let s go
Yeong In
Let s go and see
what trap she has
prepared
He looks nervous
He should be
Otherwise wouldn t
feel good for coming
down here

am sure that
she will attempt
A method
have B method to
defend
f she does C
method will
simply use D
method to defend
am sure
that he has
predicted A, B
and C plans
should at least
try D
Going for E or F
is a bit dangerous
so
She hasn't
changed a bit

guess time is inefficient to change what s in her head
Well better than those two at least

Are you slacking again ?!
Are you there yet ?!
I am going !
I am going !
Don't make another mistake
Don't forget about the male

Two people got into a car accident
Somebody call an ambulance
Get out of my way
I am sensitive about car accidents
Why are you getting out Get in
need to stop their bleeding Does anyone have some handkerchief

I said, get in !
And you
Get out of
there

What do you think you are doing to those wounded people?!
You... you can see me?

오아아아
Some tiny thing is floating in the air
What's wrong with that kid
Maybe she went insane after seeing blood
You thought you could only hear my voice you can even see me
Of course can You are right in front of my eyes
Can you see the souls here even?!

www.janimes.com

Huh
Why do you keep leaving ?! said stay
Ah
And you get out of there Don't make it harder
Ack you
Move

It's rather
cold now
at night

guess it is not so bad to have some air at night It's been long time
yes guess you were correct about sending the car back
The new member who was a middle schooler was not bad His speech was completely logical
She hasn't done anything yet Does it mean she s going to skip tonight ? Or is she playing a mind game now ?
think he is concerned about it pretty hard now Darn his poker face is too thick to read his mind
yes if he keeps going on like that even in the future he will be very useful

Hey nice view
Hey look at the girl She's covered with expensive stuff
About time
I guess the guy is quite rich as well since he can have that kind of girl
Of course - Why don't you share your wealth in order to reduce the gap between the rich and the poor
Dude you sound smart Are you trying to remind us that you did once go to a high school

What are those
Aren't you going too easy on me expected something more hardcore
What how disappointing for you

Yeah
think
however
you would
like to
will simply
watch you
from here
Well suppose
your objective is
not money
Why don't we begin
already
Hey hey
snap out of it
What we want
is money
It s money
Yeah
we can just
go away
without even
touching you
f you give us
enough
money
Nice acting
see that you
handpicked
them

Has he become dumb because he has been hanging out with that stupid Kang Ha Ri ?!
Get the picture already
What is he talking about Just give us your wallet
Yeah it's not like we want to case a trouble
My wallet of course
Let's see how much I have
Six 100 000 won check and few 10 000 won paper
Lucky We can have a big party for a whole night
Call the girls We need them tonight
Tonight will be blast

It's my pleasure
to see you happy

You bastard !
You are dead !
You played with
our mind !

www.janimes.com

Looks like you haven't been told about me So I am telling you this You better jump on me all together
You So you think you are a good fighter huh
will get the others
우르르
Guys This way
thought it was too easy
Looks like you've prepared another wave
Are those too many for you Sir Ioo-oppa

No but you've saved me a lot of time
No region or area code needed Just dial 112
Nice system huh
don't like it not at all He is too easy going
He used to have a very tense and sharp aura He has changed too much

This hurts my pride
I've spent my effort
and prepared you a party
But you only think it
as just a waste of time
and see it like a simple
tactics
It even
discomforts
me
When the police come
and arrest them
you will have to go
with them in order to
make a statement
guess watching
you waste time
is fun to watch
And while you
are doing that
real professionals
will visit
your girlfriend
www.janimes.com

Even if all she has is brutal strength she doesn't stand a chance against about let's say 10 professionals
Seo Yeong In

Seo, Yeong In !
You are not going to run away !

Let go of me !
하하하

Hold him !
You are dead tonight
Ha Ji !

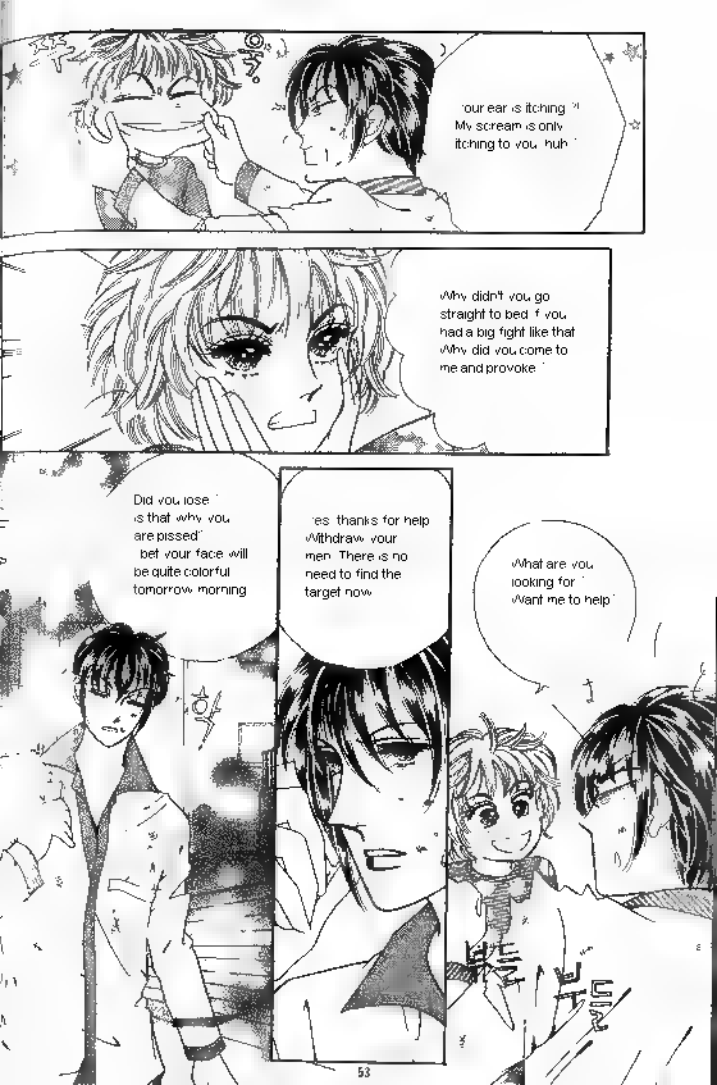
is someone
swearing at me
My ear is itching

?
?
?

후비적

와
와



Your ear is itching ?
My scream is only itching to you, huh ?
Why didn't you go straight to bed if you had a big fight like that Why did you come to me and provoke ?
Did you lose ? is that why you are pissed ? bet your face will be quite colorful tomorrow morning
Yes thanks for help Withdraw your men There is no need to find the target now
What are you looking for ? Want me to help ?

I've been fooled
completely

You look down unexpectedly
Princess ease up
You made the poker face run around crazed for hours That's something to start a party with
Wasn't that enough for you But don't go too far He is capable of revenging good

www.janimes.com

He changed so much that couldn't believe at first The old Park Sin Joo would never go berserk for hours
What has made him to change that much
Probably himself because men can not change if they do not wish to
Looks like I've disliked him ever since met him
Because when met him again recently thought "I still dislike him"
Of course you don't like him He has no intention to be your slave

But he meets every expectations I seek
He has everything need Except for his mind which cannot figure out he has everything need in order to raise my value
A compliment like that from you He must be a really valuable guy

Only a man like him is suitable for me
A man who is and can be acknowledged by everyone need someone like that
Even though you have no interest in him
You may not be able to love him or even like him at all forever

It does not matter
It s not like am
planning to like
him anyway

His changed
attitude is
a bit of
attraction
But it has
nothing to
do with love

www.jahmes.com

He must have killed them
Yeah
It was really scary
A big headed ghost was smiling like a devil on the wounded
anyway
don't say that to their family
They will put you in a mental hospital
I know
I checked their status later and as expected they died
So scary
even so
a big headed ghost
it sounds funny
rather than scary

You can say that because you didn't see the damned thing
It has big eyes His eyes covered half of his face His face was Asian but he had dyed his hair or something And he had a red piercing on one of his ear
Isn't that a little stylish appearance rather than scary
It was scary because the ghost was how it should have looked
A ghost I hate even the word horror movie And I saw an actual ghost
Hmm It's unexpected that you fear something other than lighting and thunder
You can't fight a ghost Most of all your fists are not going to work on'em Even imaging that is scary
see

Run !
You are overran by others !
You wanna die ?!
Speed up !
타닥
타닥
타닥
is he pissed
He normally have a smiley face But he looks down today

Fencing club
can you quit ?
Why ?
You can't attend to
any official tournament
for half year anyway
Why not try other sports
It looks like
the Doberman
is no longer an
issue
The fencing club
is no longer
needed
It's all right
I have so much
free time anyway
It's easier for me
to train in the
fencing hall
Has anything
happened
between
you and the
teacher ?

With him
No don't fight with teachers
Be careful He is not so easy Unlike his easy-going character
Can't you think normally just for once ?!
Why
His fist wasn't that strong
In some way he is rather dangerous Among his brothers he was the smartest one and his family counted on him a lot

He became a teacher against odds given by such a family. He overcame every obstacle that his family gave
He has done something that'd break what his family stood for
Minister Kim, who is known as the ice castle nearly begged him to stay. But he left everything behind him just to live freely
To us, Sahan... even to me, that's almost impossible decision to make

www.janimes.com

He overcame the impossible He is not an easy person to deal with
So be careful I still do not know why he came to this school
Do you understand Be extremely careful until I find out his objective
Ok Ok understand I will be careful
Does she really
3-2

Seniors
Get into exercise suit and
gather at the playground
I will be your athletics teacher
today
No way
We were told
that the athletics
class was
cancelled
don't accept
complains
You have 5 minutes
I will make your hip
that is pressed on
a chair for 24 hours
a day wave

We've circled 6 times already has he gone insane
We are seniors What's up with this
Those who are behind Do you want to run even during break time

아, 안돼
덕
덕
Ho~oh
look here
Looks like a lot of
them are wanting to
run more
If your intention is
to get me
stop this already

You do know what I am talking about if you are planning to make them run for the whole class they will be the only ones that will suffer I will be fine
You think so too right
I guess a student who stood up against a teacher should get another form of punishment
Slow Too slow It is going to take too long to run a full circle

Hey ~
guess you
are old now
huh ~
How sad ~
you have some
fat here and there
Look your
fat on your
abdomen is
waving
No wonder Sir Ioo
told me to be
careful

'eong In will invite you to dinner tomorrow
The chairman Jang will be there also
So one dinner will be enough to set a date for engagement party
Forget it
'eong In will be troubled f you don't go What she is afraid the most is when her grand father begin to dislike her and be out of his expectations.
He chose you So you will have to sacrifice

It's none of my concern
It will be if you run the dinner somebody will be hurt
Whatever can deal with you
I was referring to your girlfriend

www.janimes.com

Ah
How many circles did you
6
Good Good
That s a very
nice attitude
Wasn't it 5
Six
yeah
I lost the
count while
talking
Let s begin again
and count correctly
this time

The princess is here
You became prettier
Well she still looks so arrogant guess it can't be helped though The chairman cares for her a lot after all

She really is a beauty now I must say envy you She s a human with beauty and intelligence
She is a jewel among my useless children
am planning to get her Park Sin Woo
Oh my It looks like am a bit late was planning to set up a purposed wedding meeting for him and her

Really
Looks like
he is going to
join my family
no matter what
화

Why
why don't
you have some juice
You haven't been
eating or drinking
Thanks
Chief Lee
Ah
no
problem

Quit drooling
She's only a high school girl. You can't have her in bed yet legally
How dare you who do you think I am?!
I was joking
You are here. You don't show up in this kind of party often
Long time no see
You are still doing the hobby
Don't call it a hobby. It's my job and I don't like it to be valued like crap
30

You stupid dork do you know what people say about you Stop doing that already You are too smart for that
My score is zero already anyway
Ah heard you are going to marry the president from a bank Good choice
He doesn't look handsome though Want to see him
guess you still enjoy night sky

You just had to pick the highest place to look down
You have one hell of scary habit
Would you like to come here
No
You do know I fear height
Even being here makes me dizzy already

Idiot
This is why people look down and point fingers at you. You can't even overcome your fear.
You know I've been like this for a long time. Don't blame me for being a wimp.
This spot is where they make affairs secretly. You don't want to be seen here.
I like high places where I can see people below my feet.
"Superiority" "Conquest" are my favorite words.

It sound like you are making fun of my fear to height
That is how I can stand here while you stand down below
The distance between you who is known as a failure and me is like this
It is said that wicked women posses freedom I want freedom too And enjoy it
Aren't you tied to be there Nothing guarantees your future lady
What awaits people in the end is death

That s not something a high school gir should sav
vou do know am jealous of Park Sin Ioo
Nothing would be more boring than immortalitv
What had worked so hard to be acknowledged was pieces of cake for him

Don't be jealous He was trained to be like that ever since he was born
Yes that's why I am jealous
Perhaps it is hell for him to be acknowledged better than his actual ability
If posses Sir too the exaggerated acknowledgement will be mind as well
Princess you are the top in your area

Should trade with him? The girl named Hai Li looked pretty important to him. Threaten her to get him manipulated
Not a bad idea It will work
Or should use feminine beauty on him
After all he is a man Will my charm work on him
Of course Man am jealous of Sir too now

www.janimes.com

What must I do
What must I do
in order to have him by my side
You became sincere about this

Yes he is not as bad as he was before
So I think he is right for you
Fine This wimp shall be the cupid for you
I guarantee to bring him to you
I will make sure that he attends to the dinner So you worry about which dishes will be served for the chairman
Watching the night sky is all good But why don't you come in before you get a cold

He's an idiot
Really
It can't be helped

Ih
you
again
Your school must have finished early
The school council called Sin Joo for an advice Go there to find him
have a business with you today

It doesn't feel good guess it's different from my own sword
Don't worry will be easy
Want to run a round
No thanks don't have that much time
Does she remember the tournament Or was it just an attempt without a thought
She is certainly weird It seems she is acting stupid but does sometimes act sharp

Weird
every guys
are looking
at your face
Do you
know why
How can I say
that it's because
of my beauty
you idiot
It look unique
Perhaps that's
why
Look as much as
you want
When are you
people gonna
see someone
like me unless it's
time like now
Don't be sad
you don't look
that bad
Who do you think
you are trying to
comfort
Sir Joo oppa
and I will be
having dinner
with my
grandfather
Count me in

said grandfather will be there
Ok ok your grandfather must be really cheap It's not like I eat much
In case Sin Woo decides to have an affair
Eh what you are saying is
I am just asking this
What are you going to do if Sin Woo oppa chooses another girl other than you
Calm down Control yourself
Look here

www.janimes.com

Not an affair
A choice
I wonder if she really is an idiot
He is mine
So it is an affair
So certain huh
Ah fine let's say he has an affair
What are you going to do
Well haven't thought about it
What makes you so certain about him
You've got nothing

beat him to a pulp and make sure he won't cheat on me again
Do you think beating will make him change his mind
Besides isn't it too childish to use violence against a man because of an affair
Why am I getting a feeling that she really is meaning that
Sin Joo is strong So beating for a day won't work
She is not listening again
I guess it can't be helped then I will have to lock him up in a room

Don't tell me you are speaking your mind
am
아
Haven't you heard of cases that lovers break up because they love each other
Sometimes letting your greediness go ends up becoming a solution
Why would let anyone care go Who'd do such a stupid thing

Being together when their classes are on different levels will only result a tragic end
Why not level yourself to his

Don't worry will make sure that Sin loo s level will be the same as mine
Same as yours Are you trying to ruin a man
Level myself to his
Too bad wanted to give you a chance
Farewell then
Next time won't do you any favor
Favor

Ha Ji
Went home already ?

Ha li went to the clinic
clinic
She almost ripped her ear
Somebody put a piece of sharp glass in her helmet it seems
양호실

It s nothing
a little scratch
The bleeding
stopped
So all there
left to do is
disinfect
Can you guess
who might have
the motive to have
done this
That s
good
wonder who
did such a
wicked trick
on you
Well am literally
off from the Doberman
lately So there might
be few who might
target me from there
But none would have
done such a thing
like this
Come
here
Let s
disinfect
first

give it to me
will ya !!
let me
transfer
lovely student

The clinic teacher went home already So I will be one
Just stay put and don't move Let me disinfect
I'm this pose

END
Sin Joo

Why are you here? Are you hurt also?

can you
let go of
this hand
Don't move !

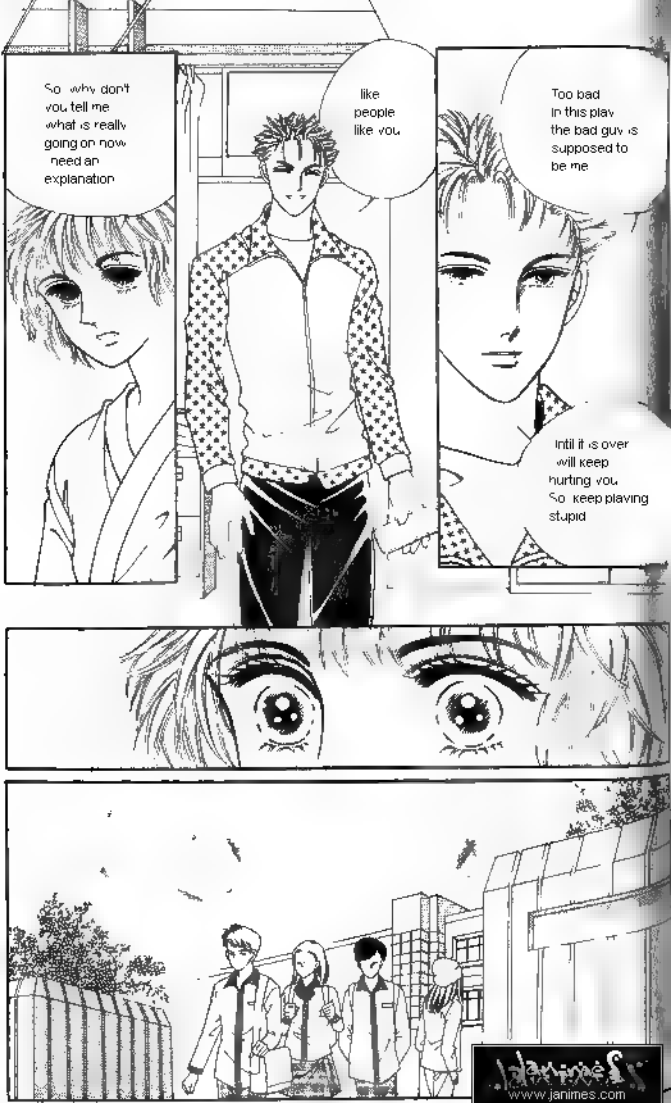
Don't move
have somewhere else to go So can't go home with you came here to tell you that
So get treated already am leaving

Hmm... he is really good at figuring out situations
...es.
Nothing like you said it's not serious. I think I don't need to disinfect
Of course I've had this kind of wounds like medals
Huh?
Ah... So it was this

This is how you made Sin Joo pale and run away
Right
You were the one who put the glass in my helmet right
You are trying to tame Sin Joo the way you want right
It all makes sense now

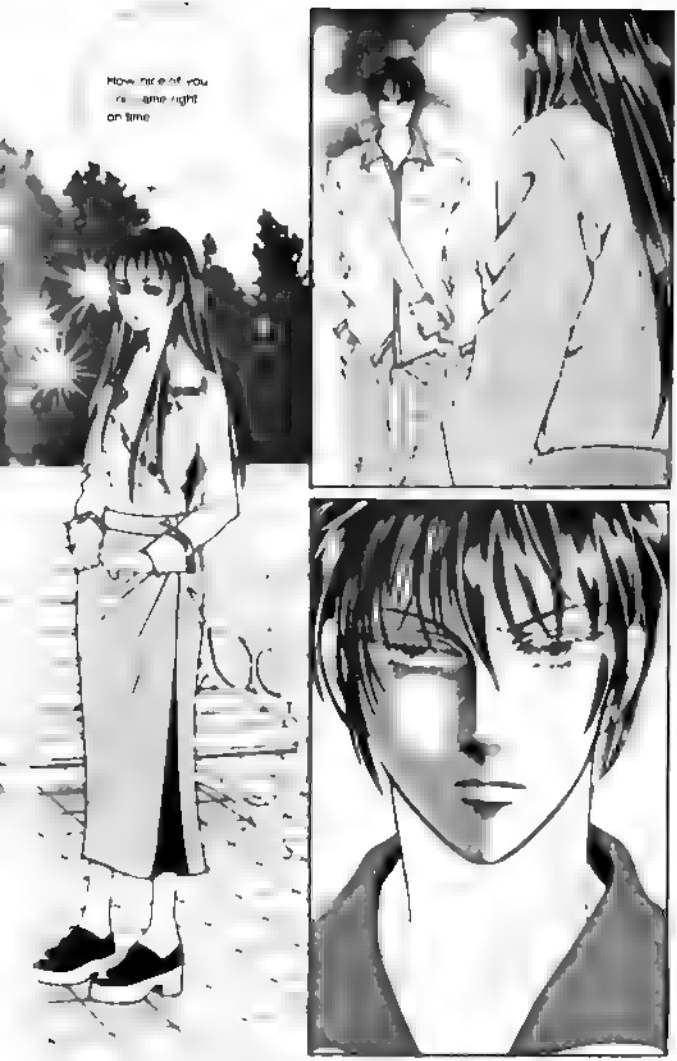
ou
ou are not
Ha li are you
An alien must
be in you
Don't talk to
me like that
am not as
stupid as
you may think
figured he had
his reasons when
he told me to be
careful about you
But you've
gone too far
thought could
tr st you

It happens all the time being stabbed by ones who you trust
So how does it feel to be stabbed by me
It feels real dirty
You don't mean so with a smile like that
Why didn't you attack me You could have easily seized me
One of us could have gotten hurt if moved
Besides Sin Joo thinks I don't know So played stupid and intend to continue so
Oh wow how shocking



So why don't you tell me what is really going on now I need an explanation
like people like you
Too bad In this play the bad guy is supposed to be me
Intil it is over will keep hurting you So keep playing stupid

www.janimes.com



How nice of you
to come right
on time

We should hurry
We don't want
the elder to wait
Why don't
you ease up
your face
Still you are
coming with
me Looks like
he has kept
his promise
well
I wonder
what he has
done to you
Are you implying
you had nothing
to do with it

As long as result is fine don't care how
don't need to know the progress Result is all I want
You are a witch aren't you
A compliment How nice of you ~

It's dinner all right
Sir too believe
so as well
But her grandfather
and his father will
make an engagement
arrangement during
dinner
If they weren't
students
they would be
getting married
today hen
lucky for them
guess

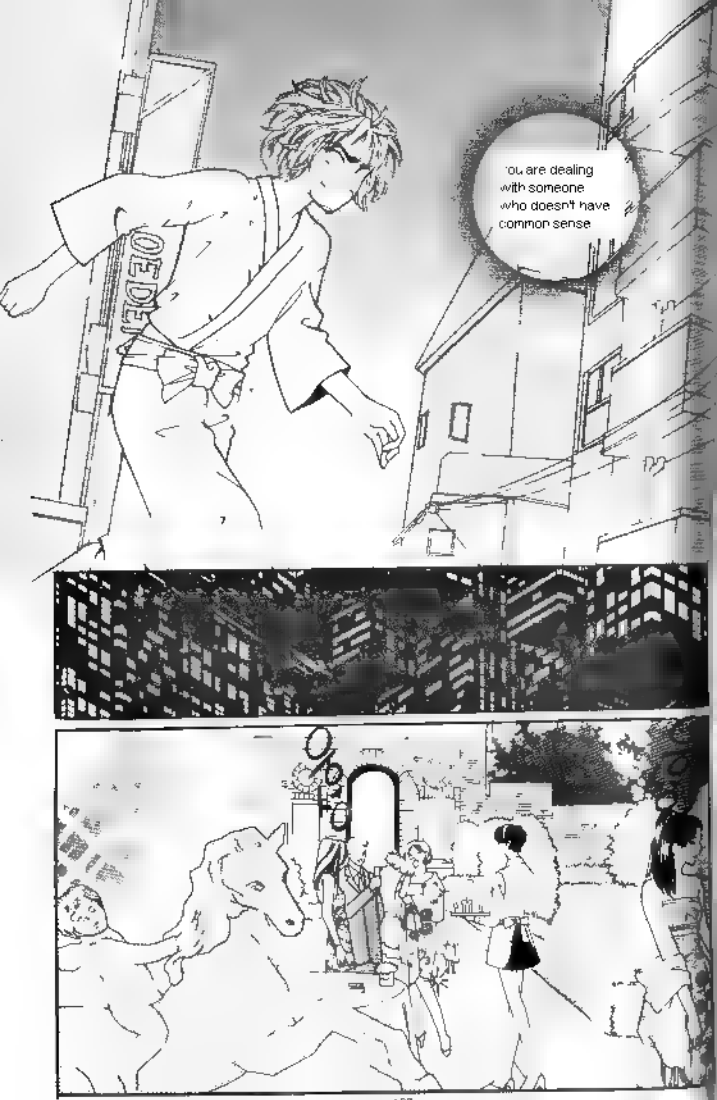
Right now chairman Jang and Sin Joo's family have been working on a joint project They need a strong bond now and their marriage will insure the bond
They are not going to miss the chance
Don't go
He will be as good as dead if he chooses you in front of everyone
Sin Joo's family and her family will have to pay for the embarrassment
No matter how good Sin Joo is he is still only a high school student
He doesn't stand a chance

So
let him go
Ha li
He is not yours
to posses to
begin with
It s all your
desire and
greediness
Let him go
before he
trashes you

You say similar stuff as Yeong In
If I go he is as good as dead !!
You are making this situation difficult I don't know what to say right now
But if letting him go is for Sin Joo
If so

will never
let him go
Do you know
how many
embarrassing
moments had
to bear
got hurt here
and there and
was even
hospitalized

Bruises were basic
Broken bones were standard Hospitalization was one of top menu
ain't going to give up on him now after all that He thinks am stupid and doesn't mind
But do
This bastard am going to kick his butt
Where are they Confess now
Not good Yeong In There was a serious error in your plan
Where are they ?!



You are dealing with someone who doesn't have common sense

www.janimes.com

Why are you here? I thought you were in Tokyo
This is my son
It's not like it's far. I came back this morning. Besides today is important
Ohoh his raged eyes... nice
The old man is really going to do it
Excuse me Sir... Joo looks like he is going to explode anytime
Perhaps we should postpone and convince him more

You don't know how close my son and I am
Yes, Sir
I can see through Sir Joo's mind
His mood is at peak We are making it happen tonight
Those eyes he is really in a good mood
What now? Should I do what I did to Aram's engagement party? No I can't do that the deal will be certainly broken but Ha Il will be harmed
They even called the media This is not good

Father Seo eong In
and Seong Ho
And that
annoying
chairman

There has to be
a way

this without

www.jaimes.com

Leave now
Let's keep our places shall we
belong to here
And you belong to there
Hey
Come on down here

Today will be one of the most important day in my life
So do not cause any more trouble and leave
Not until I get what's mine
Nothing is yours here
You are trying to steal
Do you realize how greedy you sound
People should get along with those on their level
So leave quietly and find one who is on your level

That s why got Sin too
Looks like you may have talent in comedy Or if you did really mean that upgrade your self to his level
Then will give him to you
Of course I am speaking the impossible
Why should get along with him fine

Quit insisting
You two
No one thinks you two belong to each other
No one approves you two
approve and he approves
That's enough
Why do need approvals from others anyway?

Your self-conceit doesn't even make me laugh Ban her
Crap
Let go of me I will walk out of here by my own will

es admit
This is the
difference
between you
and

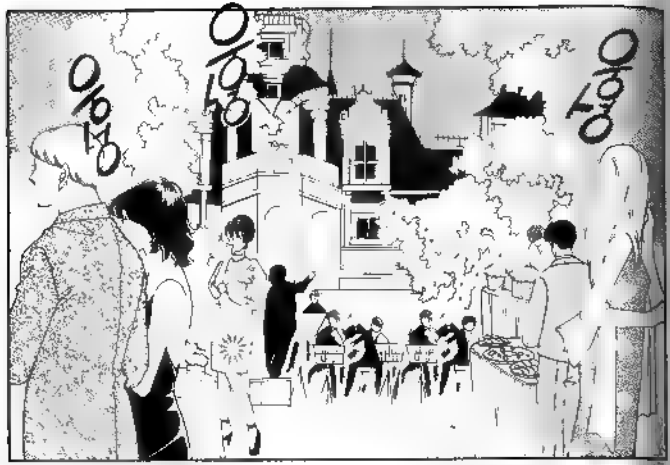
That is how it is



They look really nice together
I feel like I am looking at two models

Don't feel bad because the party is small The wedding will be much much bigger
The chairman has other grandchildren are all above 20 Seo Yeong In is the most loved grandchild

Why not use your poker face that you use always ?
Why don't you act friendlier like before?
If that is your wish darling ~
What I want is end all this even if people think I am dumped
Looks like you are becoming desperate Don't show your true face so fast I will be really persistent if you do that

What if torture you in name of "engaged couple"
Do you think you can still keep the engagement even after that
Oh that would be very thrilling
You think can't
I am very aware that you are capable

Torture me all you want I will record the scenes and send tapes to Ha li
Give up already You are on complete disadvantage right now

Are you serious ?
You are going to spend your rest of life with someone who you are not even sincere about ?
What if I am sincere unlike you are ?
